Standard Extra Features*	Auto climate control, MP3 playback, auto speed volume	Push-button start, remote illumination, Homelink®, 6 spkr	Keyless start, upscale interior, alarm, dual zone A/C	OnStar®, LED ambient lighting, power adjust seating,	Navigation, Sony® 12-spkr, color LCD display, Blind Spot Info, capless fuel tank	Leather interior, smart gas-only climate control, high-res-color LCD display	Rear spoiler, power sunroof, 6 spkr, XM satellite radio, leather seating
Quick Review	Handsome styling, but very few “hybrid” benefits	Most fuel-efficient family sedan, strong acceleration, soft ride	Not as well known, but one of the best available (but only in a few states); Good balance between performance & mpg	Only sold in 8 states; decent body style and interior, but lower performance than comparable cars	Best-in-class mpg, efficient engine, sleek and impressive display, subtle electric/gas transition	Can go higher speeds on electricity only, impressive speed and control	Due to soft sales and poor reviews, production ceased in '07. Ride is choppy with low hybrid mpg

*Standard features and base prices only. Check your local listing for actual prices.
